# Prehistoric Beasts

Each line of the puzzle has one word hidden in a list of random letters. The blank space is a missing letter that belongs to that word. Decide what word is hidden in the letters and write in the space the missing letter. A word bank has been provided. Each word in the word bank appears somewhere in the puzzle.

- Dinosaurs that ate both plants and meat.
- Long front legs and a very long neck gave this dinosaur a giraffe-like stance and great height.
- Dinosaurs \_\_\_\_\_ over many generations to produce new species.
- A scientist who finds and studies fossils.
- The T-Rex had very short \_\_\_\_\_.
- Some dinosaurs may have used a whip-like \_\_\_\_\_ to lash enemies.
- A dinosaur with triangular plates and tail spikes.
- What "rex" means.
- Apatosaurus lived during this geologic period.
- Most of what we know about dinosaurs come from these.
- Dinosaurs that ate only meat.
