# Math Vocabulary

Each line of the puzzle has one word hidden in a list of random letters. The blank space is a missing letter that belongs to that word. Decide what word is hidden in the letters and write in the space the missing letter. A word bank has been provided. Each word in the word bank appears somewhere in the puzzle.

1.	S	D	Q	A	D	D	I	T		O	N	Q	O	Q	Q	Z	S
2.	Z	I	W	C	P	D	E	G		E	E	F	Z	B	L	F	E

- Combining a set of numbers together to get a total.
- Unit for measuring angles and temperature.
- Way to write numbers by using words.
- 3.14
- Having the same size and shape.
- The number of square units needed to cover a surface.
- Solid figure that has the shape of a round ball.
- The answer to an addition problem.
- To find a number that is close to an exact amount.
- A polygon with five sides.
- The number that is to be divided in a division problem.
- A figure formed by three or more lines.
